

The Directors Challenge

Come and tackle a day of One25's 'Apprentice style' challenges in Bristol's city centre and draw upon your entrepreneurial skills for the good of the charity! This event is designed to stretch professionals' initiative and creativity whilst raising money and awareness for One25.

In brief:

The usual format is for groups of 8 to 20 people, and we'll split you into teams on the day. (We are able to accommodate larger groups if needed - our largest day had 80 participants!) The money and awareness raised is hugely beneficial for One25 and participating teams get so much out of the event in the way of team building, working together, problem solving, and creative thinking. The day is free of charge and can run at a time convenient to you throughout the year.

How the challenge works:

The day will start with a full briefing at One25's centre in St Pauls, to explain what the charity does, what the day is about and the itinerary. Teams will then be sent out into Bristol's city centre to plunge straight into the challenge and the clock will start ticking! You'll stop for lunch at The Hilton Garden Inn* on Temple Way, where you'll re-energise with lunch ready for the fun to continue in the afternoon. The day will finish with the teams being summoned into the "boardroom" to present their achievements for the day. One25's panel of judges will give you feedback and you'll find out which team will be 'hired' or 'fired'!

The benefits:

You'll be raising much-needed cash for your chosen charity throughout your challenges! They are based around fundraising initiatives with monetary values assigned to them (so we can see who wins!). It is also a fantastic way to raise awareness amongst the general public, the business community and those who take part in the day. It's a FREE team-building, skills-developing (week-day) day out of the office, for a worthwhile cause in your local community. It will boost your company's CSR credentials and offer positive PR opportunities. Your employees will face a full day of challenging scenarios set before them, with the opportunity to use their professional skills outside their day-to-day environment.

"It was great to get out of the office and work together on something as positive and constructive as One25. I am sure everyone was delighted to have the opportunity to learn more about the charity and help in some small way." (Alan Foster, Lloyds Banking Group)
